

Revolut Account Setup and Management Guide

1. Set Up a Revolut Account

- Download the Revolut app from the App Store (iOS) or Google Play Store (Android).
- Open the app and enter your phone number.
- You'll receive a verification code via SMS; enter it in the app.
- Set up a strong password for your account.
- Enter your personal details (name, date of birth, address, etc.).
- Choose your base currency and agree to the terms and conditions.
- Your account will now be created, and you can explore the app.

2. Verify Your Profile

- In the app, go to the Profile section by tapping the profile icon or your initials.
- Look for the verification prompt, usually labeled as "Verify your account" or "Personal details."
- Follow the instructions to upload a photo of your ID (passport, driver's license, or national ID).
- Take a selfie to confirm your identity.
- Submit the documents for verification. The process might take a few minutes to a few hours.
- Once verified, you'll receive a confirmation, and your account will be fully active.

3. Check Your Card Details

- Once your Revolut card is delivered, open the Revolut app.
- Go to the 'Cards' section at the bottom of the app.
- Here, you can see your card details, including the card number, expiration date, and CVV code.
- You can also manage your card settings, like enabling/disabling online transactions, freezing the card, or setting spending limits.
- For security, you might need to authenticate with a passcode or biometrics to view the full card

details.
